

WHY DO I DO ART?

Creating Art is food for my soul and the stabilizer of my life. My passion for color ignites my inspiration allowing me to create images from my dreams that lead me on a journey of imagination. I dream while I am awake with no constraints to explore and try new things even if I get them wrong. There is much to gain from my journey as there is from reaching my destination. My passion also extends to taking photos, cooking, sharing and inspiring others to do the same thing.

I want to leave my footprint by creating intriguing multi-dimensional optical illusions.

Artfully
